

Artec Scale Cross Photogrammetry reference A4

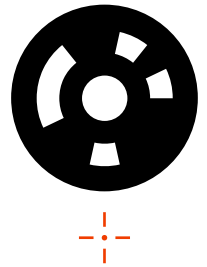

+Y
#204

-X
#201

+X
#202

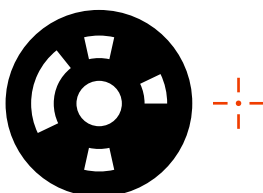

Application

Use this sheet during photogrammetry to achieve precise scaling and positioning of the captured scene. Attach it to a flat surface and ensure it appears in some of the photos.

-Y
#203

Reference distances

-X (#201) to +X (#202): ~160 mm
-Y (#203) to +Y (#204): ~250 mm

To avoid deviations caused by printing, measure the distances between red cross marks on the printed sheet. This page must be printed in A4 format (210 × 297 mm) only.
